intended exercises in the 8th Guards Army area or with the shipment of troops from the training grounds to the military posts.	
Comment. The exercises of the 4th Guards Mechanized Army in the area south of Rathenow were probably completed on 27 September.	,
Comment. The trains probably came from Letzling Heath.	
Comment. Units of this division returned from Templin to Eberswalde and Bernau during the same period.	
Comment. The convoys probably came from the Wittstock troop training grounds and proceeded to the Letzling Heath-Rathenow-Havelsber	g
